Rules- Harrow Slot car / Slot32 Rally Challenge:-

Eligible cars: any rally WRC or Classic Rally cars from following list :

Models Classic:- Alpine A110, Alfa GTA, Stratos, Abarth, Austin Healey, Jaguar XK120, Porsche 356, Ferrari 166, AC Cobra, Austin Mini, Escort Mk1, Datsun 280Z .

Models WRC :- Impreza, Lancer, Peugeot 206, 306 & 307, Clio, Megane, BMW, Mini, Saxo, Punto, Focus, Corolla, Golf, Ibiza, Cordoba, Supra, Accent, Octavia, Fabia, Xsara, and Celica (Ninco) SCX 4WD Celica

All cars must have clear windows, driver and a navigator .

Manufacturers parts, cars and tyres :- Scalextric, Ninco, SCX, Team Slot, and Cartrix Spirit, Hobby Slot, Pinkkar

There will be 2 categories/classes

- 1 novices/magnet
- 2 non magnet

The Rally will consist of 9 stages, driving all the 3 Rally tracks 3 times. Each stage will consist of a minimum of 3 laps of the circuit. One set of stages will be in reverse direction.

The winner will be the car driver who completes all 9 stages in the shortest time Drivers can enter one or two cars. The entrance fee is payable per car. One driver per car. Cars when not in use on Rally tracks will be held in Parc Ferme. On arrival the entrants cars will be assigned a rally number and the car placed in Parc Ferme. After each session of 3 stages the car must be returned to Parc Ferme with the drivers score sheet. The car will be returned to its owner after completion of the rally.

There can be no maintenance carried out during the Rally. Between stages drivers will be permitted to clean tyres and braids only.

Only the driver and his marshals may touch the car during each rally stage (the driver must appoint his own marshals max 2 per stage the 'team then complete the stages together'). Any competitor touching a car without the drivers consent can be disqualified from the event

1. Motors and axles can be glued in
2. Tyres must be from the named manufacturers and must fit on the original wheels . Tyres must not protrude beyond the wheel arches except SCX Xsara's + Team Slot Stratos which must be as manufactured.
3. Sprung guides can be used with/without springs.
4. Screws cannot be loosened to aid body 'rock'. Screws must be tight.
5. Motors can be any ninco, scx, team slot, cartrix,spirit, scalextric without modification to the chassis or bodies. Manufacturers exchange motor mounts may be used.
6. Guides must be black (white and blue are transparent to our lap counters)

The top ten drivers will receive a trophy (3 in magnet category and 7 non magnet). The racing will be on a minimum of 3 NINCO circuits/tracks. Power to the circuits will be 2 amp regulated supply. The drivers can choose 12 14 15 16 18 or 20 volts. We provide a 3 pin 2 amp socket. Plug connections are Earth - brake, live- power and negative – neutral ('standard' UK club configuration). Tracks will be positively wired. The right hand rail facing direction of travel will be the positive rail. Drivers must provide their own hand controllers resistor less or resistor allowed, and these must be fitted with a standard 3 pin 2amp plug. An economy 45 ohm Parma controller per track will be available for those drivers without their own controller

Timing will be provided to 1/1000 sec and lap timers will be triggered when the car passes the start line. Ie the race starts when car crosses the start line not when the count down hooter sounds.

In case of any dispute the organisers decision will be final
